Subject: Information about internship opportunity for students

To: &lt;director@gecazamgarh.ac.in&gt;

Cc:

Dear Professor,

I am Ashish. I work at Hasura, a Bangalore based startup. We offer a free, online course called Introduction to Modern Application Development (IMAD) in association with IIT Madras and NPTEL. Many students from your esteemed college have registered for the course. We would like to inform you that Hasura offers an 8-week internship for top students from IMAD. All students who finish the course successfully, by taking the final exam, are eligible for the internship.

We would really appreciate it if you could pass on this message to the students in your college who have taken the course so that they do not miss this opportunity for an internship.

A reminder email or message from you to the students would be useful so that people don't forget to register for the final exam for the course. Here's the exam registration link: <https://goo.gl/forms/ifbTbX1u7SBmzID53>

We'd love to have students from your college in our internship program. Here's a feedback video from one of our interns from the last iteration - [Souvik Haldar](#).

Thanks for your time.

Regards,

--
