

MANJEET JAISWAR

SUMMARY

Business Analyst versed in data mapping and user acceptance testing, as well as solving complex problems in high-pressure environments. Excels at cultivating, managing and leveraging client relationships.

EXPERIENCE

Business Analyst, 07/2018 - 10/2021
Vodafone Business - lucknow

As a Business Analyst, my primary responsibility was to bridge the gap between business objectives and technical solutions. I collaborated closely with stakeholders from various departments within the organization to understand their business processes, goals, and requirements. I conducted comprehensive analysis of existing business processes, systems, and data to identify areas for improvement and optimization. Through techniques such as interviews, workshops, and observations, I gathered valuable insights and documented business requirements.

EDUCATION

- Master of Technology, Computer science and Engineering, 2023
Madan Mohan Malaviya University of Technology - Gorakhpur, UP
- [Degree] Post Graduate
 - Dissertation :Currently, I have completed my dissertation, which focuses on chronic bronchitis symptoms using a machine learning approach.
 - Academic Achievement Award: CGPA: 7.4
- Bachelor of Technology, Computer science and Engineering, 2017
Babu Banarasi Das Northern India Institute of Tech - Lucknow, UP
- [Degree] Graduate
 - [Type] Academic Achievement Award: 65.12%
-

AREA OF INTEREST

- My primary areas of interest lie in the domains of Data Structure, Database Research, and Development. I am passionate about exploring the intricacies of data organization, efficient algorithms, and their impact on system performance. Understanding the underlying principles of Data Structure allows me to design optimized solutions that effectively manage and manipulate data. Additionally, I have a keen interest in the research and development of databases.
